 - Python
 - OOPS
 - Team Leading
 - Event Management
-

LANGUAGES

- English
 - Hindi
 - Marathi
-

CERTIFICATIONS

- Fundamentals of C programming from SEED Infotech.

PROJECTS

Non-Contact Voltage Detector

Distribution charge generated on live conductor excites gate of FET. This induce charge generates weak voltage, this weak voltage is then amplified by instrumentation amplifier and finally a using this voltage a indicator is on showing live state of conductor.

Scraping GitHub Website

Scraping Top Repositories for Topics on GitHub. List of topics is fetched from the site. For each topic, we will get the top repositories based on stars obtained. And all the fetched data will saved in CSV files. Beautiful Soup, requests, Pandas modules of python were used

ACHIEVEMENTS

President, Electronics & Telecommunication Student's Association

With handling team of 40 members organized a national level college departmental fest. Made event grand success with 700+ participation from 85 cities across India.
